Dr. Adeline Bell, Cynthia, spent the week end with her niece, Mrs. Edgar Denton.

Dr. A. W. Jones attended the State meeting of the Knights Templar at Mt. Sterling last week.

Wm. T. Jones and family, of Cynthia, attended the funeral of John W. Darnell Saturday.

Misses Madeline Denton and Ida Roser, of Lexington, visited Mr. and Mrs. A. N. Denton Thursday.

Mrs. J. J. Nesbitt has returned from a visit to her daughter, Mrs. Wilson Strader at Lexington.

Mrs. Laura Kash has returned from a week's visit to her daughter, Mrs. Chas. Warren at Ashland.

Rev. Joe Jones, of Cynthia, attended the funeral and preached the funeral discourse of John Darnell Saturday.

Jas. King, Henry Watson, Clark Patterson, Bridges White and Matt Hunt, of Mt. Sterling, were here Friday attending court.

Mrs. L. E. Weddle and little son Edgar Ralph came Sunday to spend several weeks with her parents Mr. and Mrs. J. T. Ralph.

Dock Stone, of Omer, W. Va., left for home Friday, after a visit of several days to relatives near Wyoming and Owingsville.

Mrs. David Stamper left Monday to visit her daughter Miss Elma Stamper, who has a position as stenographer at Hazard, Ky.

Clyde Peed, who has a good job as a pipe line man in the Hell Creek oil fields, Lee county, came home last week to visit his family.

Miss Nettie Belle Arnold, who attends Kentucky University, Lexington, was here to take teachers' examination Friday and Saturday.

Miss Virgeline Byron, who attends Kentucky College for Women, Danville, was home Friday and Saturday to take the teachers' examination.

Miss Alta Chandler, who is attending State University at Lexington, spent from Friday till Monday with her parents Riley Chandler and wife.

Miss Lucille Vice, who attends Kentucky College for Women, Danville, visited her parents Mr. and Mrs. J. L. Vice from Thursday until Sunday.

Reese Duff, wife and daughter, of Lexington, motored over Sunday and spent the day with Mr. Duff's brother, Mr. H. Duff and family, returning Monday morning.

Carroll Estill Byron, who has been trying on a job on the Lexington Herald, has returned and taken his old position as bookkeeper the Owingsville Banking Co.

Mr. and Mrs. M. C. Burnaugh, Chicago, came Monday to spend couple of days with Mrs. Burnaugh uncle and aunt R. H. and Miss F. Comer. Mrs. Burnaugh was a Juella Comer before her marriage.

Frank Cross, after spending winter in Florida, where he has orange grove, came home last week for the summer. Frank says railroads got all the profits of the orange crop this season. Next year he will try the watermelon crop also.

T. S. Shroat after a business trip to Bowling Green and vicinity says there is much activity in the oil fields of Warren and adjoining counties, but that the excitement has in large measure abated and business is transacted with saner judgment than was the case last fall.

Scudder Coyle, of Cleveland, Ohio, attended the Knight's Templar convocation at Mt. Sterling last week and visited Owingsville, his old home. He is a son of Whaley Coyle and wife, who left here over thirty years ago. Scudder says there is much unemployed labor in Cleveland.

Eugene Brother left Sunday for a stay of some time at Hazard. This is Mr. Brother's second trip to Hazard and he gives a glowing account of the business conditions of this thriving mountain town where there is a considerable Bath county colony, all of whom are prospering.

Miss Vella M. Scottow, of Frankfort, coached the play put on by the High School class here Monday

night, and to her efforts are due much of the success and enjoyment of this play. Miss Scottow has acted as coach for the High School plays here for several seasons. She was the guest of Misses Clara and Nettie Belle Arnold.

## OWINGSVILLE CITY SCHOOL COMMENCEMENT EXERCISES

The Baccalaureate Sermon at the Christian Church Sunday morning was an unusually good one and was preached by Brother H. S. Ficklin. The music for the occasion was excellent and the decorations were beautiful. Quite an interest was manifested in this service and a large crowd was present.

The Eighth Grade graduating exercises on Friday evening were greeted by a very large crowd and the various members of the class performed their parts well and deserve credit and praise for the splendid exercises that they gave.

The Senior Class exercises and play on Monday evening was a complete success in every way. The farce comedy, "The Elopement of Ellen," that the graduating class played was one of the best and most ably performed that the school has ever rendered. Each and every character played their part well and the audience left the auditorium praising the excellent rendition, of the play. The Owingsville Orchestra furnished the music for the occasion.

The Graduating exercises of the Senior Class of the High School on Tuesday evening was, indeed, a success. The stage was beautifully decorated in the class colors, gold and white, and many beautiful flowers. Dr. E. C. McDougle, Dean of East Kentucky Normal School gave audience and Class an address which was highly complimented as a valedictory address for the occasion.

C. F. Martin in brief but well words presented the diplomas. Rev. C. L. Wilson presented Gold Medal given in Physics was won by Lydia Jane Maxey. R. W. Kincaid presented the Medal given in Plane Geometry man Salver won the medal in Chemistry but had a very close score. German had an average for the of 95.79 per cent while in Crooks had an average of 95.6 per cent and John T. Kimbrough a third. The Owingsville Orchestra assisted by Joe Bogie of Mt. Sterling furnished music.

The Commencement exercises

## Sentenced to Five Years in State Reformatory.

Cecil Ferguson tried on an indictment for robbing Jean Tiran, a Frenchman, on a C. & O. freight train and afterward putting the man off the moving train, was found guilty by the jury and sentenced to five years in the State prison. The Frenchman, who had been in this country only a few months, could not speak English and his testimony was interpreted by Mrs. Esy Warner who speaks English well. Ferguson was tried separately from Iseman Isom and Raymond Chambers indicted jointly with Ferguson for this crime. The cases against Isom and Chambers were dismissed, there being no evidence to convict them.

In fact the Frenchman testified that the four men who robbed him would have thrown him off the swiftly moving train into the creek at Slate bridge where it is probably 40 feet to the water, had they not been prevented by Chambers and Isom who claimed that they had nothing to do with this gang of robbers and hoboes but were on their way to seek employment in Tennessee coal mines.

The robbers seem to have been composed of Ferguson, Wm. Jones, who made his escape from jail here recently, and two unidentified men who left the train at Winchester on the night of the robbery. Ferguson is but 19 years old and is a son of John Ferguson, who moved from the eastern part of this county two or three years ago to Ironton, Ohio, where he now lives. Cecil was rearrested.

A negro man was arrested at Mt. Sterling charged with assaulting and seriously wounding Roy Sexton a Lick a few weeks ago. The man was identified by Sexton as he saw him. Four other negroes had been arrested at Mt. Sterling in connection with this crime taken before Sexton he to identify any of them. Sexton has been at a hospital under treatment for his injuries until recovery. The negro's name was Crook formerly from Bethel.

A Justice of the United States and White died at his home in Lexington City Friday morning. He was a native of Louisiana and was Catholic in religion and the of that religion to occupy a position on the Supreme Court bench.

The Outlook still has a considerable quantity of garden seeds for free distribution. If you want them come and get them as they will be destroyed if not given away.

The Owingsville High School baseball team defeated the Mt. Sterling High School team Friday by a score of 16 to 2 on the latter's grounds.

Attorney General Chas. T. Daugherty has announced his opinion that women who are legally qualified to vote must pay an average poll tax of \$1.

FLORENCE OIL COOK STOVES

More Heat Less Care

A FLORENCE is a triple blessing — bakes, cooks and roasts and does it easily and at the same time. No ashes, no smoke, no fires to poke, no dampers to regulate. No wicks, no valves. Burns kerosene.

Come in and see how simply this oil stove works; how the intensely hot blue flame means more heat and less care. Let us show you why the Florence Portable Oven with its baker's arch assures even baking, tempting pastries and well-browned roasts.

### ES LATER EXPERIENCE

James That the Way Tanlac Re-  
stored Her Health is More Re-  
markable Than Anything She  
Has Ever Had Happen  
to Her.

"I've had some remarkable expe-  
riences in my life, but none more won-  
derful than the way Tanlac restored  
my troubles and made me a healthy  
pounds," was the statement of Mrs.  
Christina K. Dingman, 1216 Alice St.,  
Oakland, Calif. One of the experiences  
to which Mrs. Dingman refers is well  
known to her friends. When a child  
of three years, accompanying her fa-  
ther, a noted sea captain, on an ocean  
trip, the vessel was wrecked, but she  
was almost miraculously saved. The  
small boat into which she was put be-  
ing washed ashore. According to her  
statement, Mrs. Dingman enjoyed the  
best of health until three years ago  
when she began to suffer from a bad  
form of stomach trouble, and later  
from rheumatism. How she was com-  
pletely restored to health is best told  
in her own words:

"Nobody knows how I suffered for  
the past three years. No matter how  
carefully I ate I would endure ag-  
onies afterwards from smothering and  
sinking spells. Sometimes they were  
so severe I would fall to the floor and  
would have to be carried to bed. I  
went for days at a time without eat-  
ing, as I dreaded the misery I knew  
would follow, no matter what I ate.  
Then rheumatism set in and my shoul-  
ders and arms hurt me so I couldn't  
comb my hair. My back felt like it  
was breaking in two.

"I was almost in the depths of de-  
spair when I began on Tanlac, but this  
grand medicine has made me a well  
and happy woman. I'm not even trou-  
bled with constipation now, thanks to  
the laxative tablets, which are far  
superior to anything of the kind I ever  
tried. It seems almost too good to  
be true, but here I am in the best of  
health and spirits after I had given  
up hope, and I'll always praise Tanlac  
for it."

Tanlac is sold by leading druggists  
everywhere.—Advertisement.

### Grim Jest.

"I mentioned one of them toilet ar-  
ticles in your catalogue," said  
Cactus Joe, who approached the  
young lady in charge of the novelty  
counter.

"Just what kind?"  
"Playin' cards, an' poker chips."  
"You don't call them toilet ar-  
ticles?"

"I do; last night the last few times  
I've used 'em they cleaned me proper."

### Important to all Women Readers of this Paper

Thousands upon thousands of women  
have kidney or bladder trouble and never  
suspect it.  
Needless complaints often prove to be  
nothing else but kidney trouble, or the  
result of kidney disease.  
If the kidneys are not in a healthy con-  
dition, they may cause the other organs  
to become diseased.

You may suffer pain in the back, head-  
ache and loss of ambition.  
Poor health makes you nervous, irrita-  
ble and may be dependent; it makes any  
one so.

But hundreds of women claim that Dr.  
Kimber's Swamp-Root, by restoring  
health to the kidneys, proved to be the  
remedy needed to overcome such  
conditions.

Many send for a sample bottle to see  
what Swamp-Root, the great kidney  
liver and bladder medicine, will do for  
them. By enclosing ten cents to Dr.  
Kimber & Co., Birmingham, N. Y., you  
may receive sample size bottle by Parcel  
Post. You can purchase medium and  
large size bottles at all drug stores.—Adv.

Somewhat Miffed.

"What do you think of that fellow?  
Had the audacity to have his secretary  
get me on the wire. I never talk ex-  
cept to principals. Why didn't he  
call me himself?"

"How do you know it was his  
secretary?"  
"My secretary answered."—Louis-

## NEWS CULLINGS From Kentucky

Hazard.—Vegetarian, believed to be  
professionals, blew the safe of Wells &  
Frank, clothing merchants, and took  
\$1,000.

Mr. Vernon.—Robert Roberts, who is  
alleged to have shot and killed his fa-  
ther, Tenor Roberts, near Hazel Patch,  
was captured at Livingston, near here,  
by Jailer Livesey and brought here to  
jail. The trouble came up over the  
division of moonshine liquor, it is re-  
ported.

Henderson.—Goldie Johnson, 15,  
white, was sentenced to three years in  
the state reform school by acting  
County Judge John L. Dorsey, Jr., on  
an incorrigibility charge. The girl,  
after sentence, asked the court to make  
it five instead of three years, because  
she wanted to be "her own boss" when  
she was released.

Flemingsburg.—Following suicide in  
Dayton, Ohio, where he had been re-  
siding, the body of Ernest Plummer, 17,  
formerly of Flemingsburg, arrived here  
for burial. Plummer drank carbolic  
acid. No reason is known for the act.  
He is said to have been in good health  
and spirits less than a week before he  
died.

Padauch.—The commissioners ap-  
proved plans for a \$20,000 addition to  
the Riverside City Hospital, including  
provision for a modern laboratory and  
additional operating room. Contract  
for a new white system downtown,  
and for approximately two miles of  
new street surfacing and sidewalks  
was let.

Barbourville.—Ben E. Parker, trav-  
eling man and owner of two businesses  
in this city, was accidentally killed  
when struck by an automobile driven  
by Mrs. W. R. Lay. Mr. Parker was  
talking to occupants of a car which  
was slowly moving and did not hear  
the approach of the Lay machine, stop-  
ping directly in its path. He died in a  
few minutes.

Barbourville.—Concussion of the  
brain, a broken arm and a broken ankle  
constitute the injuries received by  
Mrs. Florence Chadwell when she step-  
ped off an L. & N. train at Heidrick.  
Her condition is reported critical. It  
is reported she had some difficulty in  
getting off the train and was found  
some distance beyond where she should  
have alighted.

Louisville.—Excellent work of the  
public school buildings during summer  
vacation will be made by the city  
health department. For the first time  
in the history of the department, clinics  
will be held at the various buildings  
by the school physicians with a special  
view to examining and treating chil-  
dren who expect to enter school next  
September.

Frankfort.—Tax assessments of nine-  
teen railroads doing business in Ken-  
tucky were certified to the state au-  
thorities by the state tax commission. The  
largest was that of the Cincinnati, New  
Orleans and Texas Pacific Railroad Com-  
pany, the total assessment of  
which was set at \$10,507,450, of which  
\$10,570,000 was assessed on the plant,  
or tangible property, and \$6,418,610 as  
the value of the franchise.

Newcastle.—More than half of the  
business section of the town of South  
Pleasureville was destroyed by fire.  
Six years ago the business district vir-  
tually was wiped out by fire. The  
buildings destroyed were those of the  
Smith & James grocery, the Bernhardt  
barber shop, the Kentucky Creameries,  
the New Church grocery, the Malin  
drugstore and the Home telephone ex-  
change. The flames were halted at the  
Hudson hardware store.

Frankfort.—Reports filed with the  
State Board of Charities and Corrections  
show that on April 1 there were  
7,059 persons confined in the seven in-  
stitutions of the state. Of the number  
1,401 are in the Eastern State Hos-  
pital, 1,834 in the Central State Hos-  
pital, 474 in the Western State Hos-  
pital, 417 in the Feeble-minded Insti-  
tute, 422 in the Houses of Reform at  
Greendale, 1,091 in the State Reform-  
atory and 422 at Eddyville.

Lexington.—A decrease of \$5 an acre  
in the assessment of Fayette county  
farm lands, in addition to a previous cut  
in the original assessment, figures  
which amounted to \$2,294,892, was an-  
nounced by the Board of Equalization,  
which adjourned after a thirty-four  
days' session. Assessment of town lots  
also was reduced approximately \$2-  
00,000. The assessment on farm lands  
now stands at about \$157 an acre for  
improved lands and \$130 for unim-  
proved land.

Shelbyville.—Fatal injuries were re-  
ceived by David Harris, 54 years old,  
when he was struck by a C. & O. pas-  
senger train near the station here. He  
was walking on the track and, being  
deaf, stepped from a sidetrack directly  
in front of the locomotive. He was a  
bachelor.

Ravenna.—Damage estimated at be-  
tween \$25,000 and \$30,000 was done  
by lightning here, which struck and set  
fire to an oil tank here belonging to  
the Indian Refining Company. The  
home of O. Kincaid also was struck.

Hickman.—The farmers have been  
busy throughout this section getting in  
their crops, but the cotton crop this  
year is not going to predominate as it  
has heretofore for years. The cotton  
acreage has been cut possibly 75 per  
cent. Most of the cotton was planted  
in the bottom lands, but this is being  
replaced this year with other crops.

Frankfort.—In a report on Union  
county, State Inspector and Examiner  
Henry E. James covered into the State  
Treasury \$270.47 collected from county  
officers.

To Make Slots for Belts.  
In making a slot to run belts or sashes  
through, have three rows of hemstitch-  
ing of the desired length done close to-  
gether on the line where you wish  
the slot to be. Then cut through the  
middle row of hemstitching. The slot  
thus made is strong and neat.

For a House Dress.  
For your next wash dress or waist  
try making buttonholes on both sides  
of the opening, and instead of sewing  
the buttons in the dress attach them

Mayesville.—Harold T. Webster, 27,  
crippled since birth, hanged himself to  
his bedpost with a necktie while his  
parents were attending church. Web-  
ster had never walked and was a fami-  
liar character on Mayesville streets,  
using a wheel chair and selling shoe-  
strings and pencils. For several days  
he had been telling members of his  
family that he was tired of life.

Owensboro.—Charging that Ira Kol-  
ler, until lately a McLean county farm-  
er, had not disclosed to her the fact  
that he was a married man when he  
led her to the altar at Calloun on No-  
vember 13, 1920, Cora E. Wilson has  
filed suit to have her marriage an-  
nulled. She says she has learned that  
Koller married Zora Deardom at  
Rockport, Ind., in March, 1915, and had  
never been divorced. Koller is now in  
Indiana.

Frankfort.—No corporation which  
has not begun proposed business op-  
erations in the state can sell unsecured  
commercial paper, according to an  
opinion handed to James P. Lewis,  
state banking commissioner, by As-  
sistant Attorney General MacGregor and  
made public by the commission. The  
suit was rendered in the case of the  
Mutual Oil and Development Com-  
pany, which sought to sell five-year  
notes, after Commissioner Lewis, act-  
ing under the blue sky law, has forbid-  
den the company selling any more of  
its stock in the state until certain steps  
had been taken.

Frankfort.—There are 104 idiots in  
Jefferson county, and eighteen in Fay-  
ette county, who are being pensioned  
by the state, according to Miss Helen  
Reeves, of the State Board of Char-  
ities and Corrections, who has just com-  
pleted an investigation of the cases in  
the two counties. Of the 104 cases in  
Jefferson county, eighteen were disal-  
lowed on recommendation of Miss  
Reeves, who also disallowed one case  
in Fayette county. The investigation  
of Miss Reeves showed that no fraud  
was being practiced in either county  
in connection with the committee ar-  
rangement for idiots.

Lexington.—Gas will control the out-  
come of the next war, according to Dr.  
Arthur S. Loewenhardt, former Lexing-  
ton man, now head of the Department  
of Pharmacology and Toxicology at the  
University of Wisconsin, who was here  
on a visit. He is on his way back to  
the university after attending a con-  
ference of chemical warfare consultants  
at Edgewood Arsenal, Baltimore.

"It is important for the future of Amer-  
ica that Congress pass the appropri-  
ation measure of \$1,500,000 for the  
chemical warfare service instead of the  
\$1,500,000 voted, which President  
Wilson vetoed as inadequate," he said.

Frankfort.—The Natural Gas Com-  
pany, of this city, lost in the Franklin  
Circuit Court when Circuit Judge  
Stout sustained the demurrer to the  
complaint of the company for the first time  
in the history of the department, clinics  
will be held at the various buildings  
by the school physicians with a special  
view to examining and treating chil-  
dren who expect to enter school next  
September.

Frankfort.—Transfer of three guards  
at the State Reformatory here to duty  
at convict road camps and creation of  
a new camp, were announced here. O.  
H. Adkinson and Luke Hicks, guards,  
were transferred to the new road camp  
in Barren county, and J. E. Montgom-  
ery were promoted from guard at the  
reformatory to be superintendent at the  
Cumberland camp at Brookside,  
Ky. The new camp in Barren county,  
which is located seven miles from  
the Glasgow, was occupied by forty con-  
victs from the state prison at Eddy-  
ville. It also was announced that  
twenty-five convicts from Eddyville  
prison will work on the roads of Lyon  
county during the summer. They will  
spend the nights inside the prison  
walls.

Frankfort.—Five Kentucky women,  
all of whom are musicians of note,  
have been designated by Gov. Morrow  
to accept the scholarships offered  
American music students by the  
French des Beau Arts in the Fontaine-  
bleau School of Music, Paris, France.  
The women are Miss Wilma Smith,  
Miss Christine Strangle, Glasgow;  
Miss Mary Elizabeth Dudley, Princeps,  
and Miss Adkins, daughter of J.  
S. Adkins, of Williamsburg. The course  
begins June 25 and closes September  
25. The students will be transported  
to France on the same rate as extend-  
ed to persons in the diplomatic service.

Frankfort.—Damages amounting to  
\$6,113.73 were returned in the Franklin  
Circuit Court in favor of the Growers  
and Bain Moore Tobacco Warehouse  
Company against N. J. Hiltz, J. F. Dan-  
nehold and the Main Street Warehouse  
Company, all of Louisville. The ver-  
dict was given the local tobacco com-  
panies on the ground of the alleged  
failure of the defendants to pay for  
tobacco purchased from them. The  
Louisville defendants claimed that they  
did not authorize the purchase of the  
tobacco.

Glasgow.—Vechel Word, who was  
shot in the stomach by Dewey Burgess  
near the city limits, died at the local  
infirmary. Burgess made his escape  
in a car after the shooting, carrying  
Mabel Jones, who was present when  
the shooting occurred. Deputy Sheriff  
Eugene C. Shaw, Willie Coombs and  
Bryan Atkins followed the car and  
found Burgess in bed at the home of  
a sister, near Mt. Herman, and placed  
him under arrest. The Jones woman  
left the car at Temple Hill, according  
to Burgess.

To a separate strip of the material  
that can be removed when the gar-  
ment is washed. Button the strip  
through the buttonholes on one side  
of the dress. The dress will iron easily and  
buttons are not lost in the laundry.  
You can make one set of buttons for  
several dresses.

Insignia of Taffeta Gowns.  
Gowns of flounces, very deep skirt  
lines, broad sashes, pinked ruffles and  
surplice bolices are the insignia of  
the taffeta gown.

"I'll never loan one of my pianos  
to a burlesque company again," de-  
clared the manufacturer.

"By comparison the legs of the  
instrument looked fragile."—Louisville

## ALLEGED CONFESSION FROM MASTER MIND

OF CHICAGO BOMBING RING, THE  
HIDDEN HAND IN MYSTE-  
RIOUS FEUDS.

Dozen Accused By Prisoner, Police  
Say—Organized Terrorist Business  
in Operation For Use in Strikes or  
in Political Feuds, 'Tis Charged.

Western Newspaper Union News Service  
Chicago.—The master mind of Chi-  
cago's bombing ring, the hidden hand  
in scores of mysterious feuds  
that involved dynamite and terrorized  
the city, is under arrest, police say.  
With him are eight other men, all  
said to be regular members of an  
organized business; members could be  
hired to take part in strikes, race  
troubles or political feuds.  
If anyone had a grievance against  
another he could call in a bomber, po-  
lice assert, just as a person would em-  
ploy a detective or retain an attorney.  
They have a regular schedule of rates  
—where two sticks of dynamite are  
used the charge is \$200; if four sticks  
are used the charge is advanced to  
\$250, and if six sticks are used the job  
costs \$300, according to officials. For  
"plain slugging" \$25 is said to be the  
charge.

Confidential sentences loom for all  
the prisoners if the revelations in  
Kerr's alleged confession carry conviction  
in Court, it was said. Kerr has  
told Chief of Police Fitzmorris, to  
whom he is declared to have confessed,  
that he will repeat his story before a  
grand jury. Kerr admitted, it is said,  
that he had been the go-between for  
bombers and sappers.

On certain occasions he went on  
bombing excursions, he is quoted as  
having said.

Police Suspect "Grudge"  
Palmer, who is investigating the kid-  
naping of Miss Edna K. Lee, a singer,  
expressed belief that she had been the  
victim of "an organized grudge."

"Miss Lee is a splendid singer, an  
her leaving one church to go to another  
has caused ill feeling," said a  
Chief. "Miss Lee was found on the  
outskirts of the town, bound and  
gagged after having been dragged 1  
assaults whom she was unable  
identify. She is suffering from shock  
and exposure.

Read Newspaper.  
Oklahoma City.—Radio news valued  
\$3,500, but since May 3, when it was  
carried from the offices of an Okla-  
homa City medical firm by a chi-  
patient, has been returned by mail  
was announced. In an accompan-  
letter the patient, who had been  
struck to return in three hours a  
the radio had been applied to the  
affected tissue, said he did not k  
its value until he read an account  
its loss in a newspaper.

Bonus Fight Renewed.  
Washington.—Senator Porter J.  
Cumber, of North Carolina, Re-  
publican member of the Senate Fin-  
committee, revived the effort to ob-  
ject to the \$500,000 bonus bill, the cash  
of which call for an additional  
outlay of nearly \$2,000,000,000, extend-  
ing over a period of five years. Sen-  
ator McCumber estimates that the  
annual cost to the government under this  
act will be approximately \$150,000,000.

Senate Ideas Accepted.  
Washington.—Senate and House  
conferences passed an agreement on  
the emergency tariff bill and the mean-  
ings are probably well reported. The  
House conference delegates accepted  
the Senate anti-dumping provisions  
with only a few changes, and agreed  
to the dye control section, with the  
period of control reduced from six  
months to three months.

Says \$10,000 Was Stolen.  
Chicago.—A package containing \$10-  
000, sent by registered mail from the  
Federal Reserve bank here to the  
Grand Haven State Bank, at Grand  
Haven, Mich., several weeks ago, did  
not reach its destination and is be-  
lieved to have been stolen. A. E. Ger-  
mer, Acting Chief Postal Inspector, an-  
nounced. Postal authorities, Mr. Ger-  
mer said, have given up the idea that  
the package may have been lost.

Burning Ship Towed to Sea.  
New York.—The United States mail  
steamship Panhandle State, with fire  
racing in her aft compartment, was  
being towed by powerful tugs to the  
Communipaw Flats. When it was  
apparent that no other method of ex-  
tinguishing the flames would suffice,  
the ship was maneuvered into position  
on the mud flats off Liberty Island and  
filled in her aft compartment. The fire  
got beyond control of the fire depart-  
ment and the steamship was cut loose  
from her dock at Rector street and  
North River.

Aged Inventor Kills Self.  
New York.—Frank Townsend, 75  
years old, who received many hon-  
orary decorations for the invention of hy-  
draulic implements, killed himself by  
leaping from a sixth-story window of  
his residence on West One Hundred  
and Seventeenth street. Dr. Borosdy,  
Eugene C. Shaw, Willie Coombs and  
Bryan Atkins followed the car and  
found Burgess in bed at the home of  
a sister, near Mt. Herman, and placed  
him under arrest. The Jones woman  
left the car at Temple Hill, according  
to Burgess.

## WORLD NOT YET FILLED UP

There Are Many Places Where the  
Lover of Solitude Can Find What  
He Is Looking For.

Crowded as the world seems to be  
getting, Robinson Crusoe could find  
a haven today, and he would not have  
to resort to the polar regions, either.  
Numerous islands still dot the seas  
where a visitor would find no living  
soul, and there are others where the  
inhabitants are living in almost primi-  
tive simplicity, says a bulletin from  
the Washington headquarters of the  
National Geographic society.  
Nor is it necessary for you to  
choose a plot of land belonging to  
any other than the United States.  
There is Baker Island, 3,725 miles  
off from San Francisco, as well as  
many other such isolated dots in the  
Pacific, where there will be no chance  
of getting even a faithful Friday to  
share your lot. Vessels used to haul  
guano from the island, but today the  
deposits are practically worked out.  
If you feel that you must have your  
wife somewhere in the offing you can  
send her on to Howland Island, 25  
miles to the westward, an equally de-  
serted spot, and row over to see her  
when you get bored with your free-  
dom.

Progress on Isle of Man.  
On the quaint and picturesque Isle  
of Man, made famous by Hall Caine's  
fiction, an ancient pump of the chain-  
bucket variety, built into a masonry  
abutment on the face of a rock cliff,  
lifts its endless load of water some  
eighty feet from the pool below, says  
Popular Mechanics Magazine. For  
many years a big steam engine of ob-  
solete form, slow and extravagant of  
fuel, attended to the duty of turning  
the chain shaft. But now the old boiler  
and cylinder are gone, and in their  
place a modern motor has been in-  
stalled, its slim, efficient steel form  
rising from the cliff top in striking, yet  
not inharmonious, contrast with the  
primitive ruggedness that marks the  
earlier work of man and nature. The  
whirling 20-foot wheel of the new mo-  
tive power now is drawing up 14,500  
gallons of water an hour, as an aver-  
age figure, and it is significant of the  
value of modern methods that the  
saving of fuel, no longer needed for a  
hungry boiler, soon paid the cost of  
the mill.

Projected Aerial Newspaper.  
The last word in journalism is the  
Aerial Mail, a daily newspaper, which  
is edited, printed and published from  
an airplane in flight. The Daily Mail,  
which is sponsoring it, says it will con-  
tain the latest British and continental  
news, political, financial and general,  
received both at the moment the  
plane "takes off."

expressed belief that she had been the  
victim of "an organized grudge."

## IMPROVED UNIFORM INTERNATIONAL Sunday School 'Lesson'

(By R. P. B. FITZWATER, D. D.,  
Teacher of English Bible in the Moody  
Bible Institute of Chicago.)  
(©, 1921, Western Newspaper Union.)

### LESSON FOR MAY 29

CHRIST PICTURES A REAL  
NEIGHBOR.

LESSON TEXT—Luke 10:25-37; Acts 2:  
41-47.  
GOLDEN TEXT—Love worketh no ill to  
his neighbor; love therefore is the fulfill-  
ment of the law—Rom. 13:8.  
REFERENCE MATERIAL—Prov. 25:18;  
Matt. 23:40; Rom. 13:10; 15:2; Eph.  
4:2-3.  
PRIMARY TOPIC—The Story of a Man  
Who Helped.  
JUNIOR TOPIC—The Good Samaritan.  
INTERMEDIATE AND SENIOR TOPIC  
—Being a Good Neighbor.  
YOUNG PICTURE AND ADULT TOPIC  
—Who Is My Neighbor?

1. Christ Questioned (Luke 10:25-29).  
1. By whom (v. 25). A certain law-  
yer. He was not a lawyer in the mod-  
ern sense of that term; most nearly  
corresponds to our theological profes-  
sors.

2. The purpose of (v. 25). It was to  
tempt Jesus as to whether He was  
really learned in the law; and also to  
entrap Him to show Him to be hetero-  
dox.

3. The question (v. 25). "What shall  
I do to inherit eternal life?" Though  
a lawyer, his theology was defective.  
He thought eternal life was to be ob-  
tained by doing. The very words he  
used involve a contradiction. An in-  
heritance is not obtained by doing, but  
by being.

4. Jesus' reply (vv. 26-29). He cited  
aim to the law. This is the proper  
place to send one who is expecting to  
get eternal life by doing. The lawyer  
answered well, for supreme love to  
God and love to one's neighbor as he  
loves himself is the sum total of hu-  
man obligation. "This do and thou  
shalt live." But this is the very thing  
he could not do. Man needs God's en-  
abling grace to love at all; so he stood  
condemned by his own conscience un-  
lightened by the law. He set out to  
trap Jesus, and now he is caught in a  
trap, and in order to justify himself  
he said to Jesus, "Who is my neigh-  
bor?" The question is answered in the  
story of the Good Samaritan.

II. Playing the Neighbor (vv. 30-37).  
In this story of the Good Samaritan,  
the question is shifted so as to make  
clear that the supreme question is not,  
"Who is my neighbor?" but "Whose  
neighbor am I?"

A neighbor is—  
see those about us who need  
33). We should be on the  
for those in need of help;  
and to discern need.  
compassion on the needy (v.  
Christ is the compassionate  
who have His nature will be  
moved when they see need.  
those in need (v. 34). The  
how many times is more im-  
material aid. It is easier  
than personal aid. The  
or gives both.  
wounds (v. 34).  
helpless ones on our hearts  
alk (v. 34). Willingness to  
yes in order to help others  
of the genuineness of love.

Mr. Nat McCarty and bride (formerly Miss Hackney of Frenchburg) were over Sunday guests of Mr. and Mrs. Clell McCarty. They will go to housekeeping in Mt. Sterling as Mr. Carty is an employee of the K. & S. A. railroad whose headquarters are at that place.

Miss Jennie Norvel left Friday to spend a few days at Carlisle before going to Richmond Normal School.

Mrs. T. B. Staggs had the misfortune to fall and break her ankle in two places last Friday. She was taken to a Lexington hospital for treatment and is reported slightly improved. The many friends of this popular young matron hope for her speedy recovery.

The burial of Mr. James Otis took place at Polkville beside his wife and was conducted by the I. O. O. F. on Monday, May 16.

Mr. and Mrs. A. H. Points entertained a few friends at a luncheon given in honor of her mother Mrs. Jones' seventy-fifth birth day on Monday, May 16th. It was a most beautiful occasion coming as a tribute of loving tenderness from an affectionate and dutiful daughter and worthy son-in-law. The guests were Mr. and Mrs. Parker Pierce, of Mt. Sterling, Mrs. T. B. Staggs and mother Mrs. Rob't. Dickerson, Mrs. John Paul Wood and little daughter Mary Cabell and Mrs. Jennie Norvell. The place cards were inscribed with beautiful and fitting lines and were read by the family and guests at the table. Everyone went home feeling better for having been present.

The last of the closing exercises of Salt Lick High and Graded school were rendered in Campbell's Hall on Monday evening by Mrs. Sneedgar's and Miss Goodpaster's rooms and on Tuesday by the High School, Prof. Dawson's students.

The little folks of Miss Goodpaster's room acquitted themselves beyond all expectations demonstrating the perfect training they had received.

Mrs. Sneedgar's student's play, "The Podunk Limited" was a source of fun from beginning to end and all of them were typical passengers. Loud and long were the cheers from the audience. Between acts there were recitations by Misses Loraine Jassett and Peachie Ratliff.

Prof. Dawson's "The Average Man" is certainly a masterpiece. A high school drama with a fine moral. Each well his part especially would we note "The Average Man" the old story, "The George Power" whose love and devotion to his master, (the average

man) Mr. Arthur Points, was most touching and at the same time amusing. Much credit is due Prof. Dawson for the splendid manner with which he managed the whole entertainment.

A number of our citizens attended the Knights Templar's Convocation at Mt. Sterling the past week and report it as being the biggest thing ever held there.

MOORE'S FERRY  
Bro. Tom Crouch and Wesley Blevins, of Preston, preached to a large audience at Hedrick's school house Sunday morning and night. Their next appointment here will be the fourth Sunday in June.

Wilbur Hornback, of Bald Eagle, visited John Traylor Sunday.

Louise Stone, of Lower Slate, visited her aunt Mrs. Julius Bailey from Friday until Monday.

Jennie Coyle is visiting Mrs. Coyle Latham at Paris this week.

Mrs. Jennie Goodpaster and Mattie Manley visited relatives at Kendall Spring Sunday.

PRESTON  
James Ewing, a highly respected colored man of the Peeled Oak neighborhood, died early Sunday morning of acute indigestion. He was about 63 years of age and was one of the few old fashioned polite colored men who are met with now. He was industrious, strictly honest in business dealings. A farmer, and owned considerable property.

FORGE HILL  
Raymond Goodpaster and wife and sister, Blanch, of Montgomery county, spent the past week with G. W. Barber and family.

Marion Russell, little son of Russell Bailey and wife, has been very ill with diphtheria at the home of his grandfather, Richard Manley.

Misses Virginia Anderson and Mae Shroat spent the week end with Miss Lucile Moore.

Writes Thrilling Tales

RANDALL PARRISH  
One of the most popular, most industrious and typically American writers of the day, is Randall Parrish. He deals largely in plots of romance, mystery and adventure. Frequently the setting is in the West, but not always. His latest story "The Mystery of the Silver Dagger" is laid in the East and introduces new characters and incidents. One of its unusual angles is the mystery with which he surrounds the principal female participant. You do not discover until the final chapter whether she is a dangerous criminal, a foreign plotter, a secret service agent or just a normal, sweet American girl acting from a high sense of duty. Such uncertainty adds to the charm of the narrative. It will be offered soon as a serial in these columns. Be sure to get the opening installment.

## The Mystery of the Silver Dagger

By  
RANDALL PARRISH  
Author of  
"The Strange Case of Casanovish,"  
"Comrades of Peril,"  
"The Devil's Own," etc.

Here is a double-riveted mystery story as thrilling as anything this great master of mystery, adventure and romantic tales, ever has produced. It is compounded of love, intrigue, a million dollars and mysterious criminals in a most unusual combination.

It involves agents of the U. S. government and a band of South American plotters. Like all his stories it has some one unique feature. In this case it is the strange and puzzling character of the heroine.

### THREE PRESIDENTS ASK AID FOR CHINA

Harding, Wilson and Taft Appeal to Americans to Help Stricken Millions of Sister Republic.

The President and two ex-Presidents of the United States have joined, for the first time in the history of the country, in an appeal for a philanthropic enterprise. President Harding, ex-President Wilson and ex-President Taft are all in the forefront of the movement to send aid from America to the famine victims of China.

One of President Harding's first official acts after his inauguration, taken when he had been in the White House less than two weeks, was to renew the appeal made by his predecessor in behalf of America's sister republic in the East. President Harding said in part: "At this, the earliest practicable moment in my administration, I desire to add my own to the many appeals which have been issued heretofore in behalf of the starving people of a large section of China."

"The picture of China's distress is so tragic that I am moved, therefore, to renew the appeal heretofore made and to express the hope that the American people will continue to contribute to this humanitarian cause as generously as they possibly can."

In appointing the American committee for China Famine Fund, with his own immediate predecessor in the White House, ex-President Taft, as one of the members, and Thomas W. Lamont of New York as chairman, President Wilson said in his proclamation:

"Not only in the name of humanity, but in that of the friendliness which we feel for a great people in distress, I venture to ask that our citizens shall, even though the task of giving is not today a light one, respond as they can to this distant but appealing cry for help."

Few Have Seen Radium.  
Radium is a metal that is described as having a white metallic luster. It has been isolated only once or twice, and few persons have seen it. It is ordinarily obtained from its ores in the form of sulphate, chloride or bromide, according to the United States geological survey, Department of the Interior, and it is in the form of these salts that it is usually sold and used. These are all white or nearly white substances, whose appearance is no more remarkable than that of common salt or baking powder. Tubes containing radium salts glow mysteriously because they include impurities which the radiations from the radium cause to give light. Radium minerals are very rarely, if ever, luminescent.

Arabic figures were invented not by the Arabs but by the Indians.

Hypocrite Betrays Himself.  
Usually it is easy enough to feel whether there is a sound human heart behind the written or the spoken word. Fine phrases and exalted sentiments seldom mask the hollowiness of the hypocrite.—Victor Hugo.

Long Wear Beauty of Finish Maximum Covering Spreads Farthest

**HANNA'S GREEN SEAL PAINT**

Some Reasons Why

Good painters like to do good work. They are as much interested as the property-owner in seeing that the paint they put on looks good and wears well. The fact means much, therefore, that many painters always use Hanna's Green Seal Paint on every house painting job. They find that

**HANNA'S GREEN SEAL PAINT** produces the right results. It imparts a beautiful glossy finish; it wears well; it forms a durable film that covers the surface thoroughly without brush marks showing; and every gallon spreads out over a wide area.

In the long run Green Seal is the brand most economical to use on your property.
